

**Pre-Tie Ceiling Wire**  
**90° Clip with 1-1/4" Pin**  
**ElectroGalvanized**

Size	Part #	QTY / Bundle	QTY / Crate	Wire Diameter
12 G x 6'	PTS12G061104	100	10,000	0.106"
12 G x 8'	PTS12G081104	100	10,000	0.106"
12 G x 10'	PTS12G101104	100	5,000	0.106"
12 G x 12'	PTS12G121104	100	5,000	0.106"

- material:** Soft annealed wire conforming to ASTM A641
- finish:** Regular galvanized zinc coating (zinc thickness  $\geq 25$  g/m<sup>2</sup>)
- application:** Hanging acoustical and drywall ceilings
- installation:** Assemblies are installed and may vary depending on the project specification or ASTM C754 requirements

**Meet or exceeds the following specifications:**

**ASTM A641** Standard specification for soft, medium, and hard tempered zinc coated (galvanized) carbon steel wire in coils for general use

**Ultimate Values**

Ceiling Clip Assembly	Shank Diameter (in)	Embedment Depth (in)	Allowable Load (lbs)		
Concrete Compressive Strength:			fNc = 2,500 PSI		
Load Direction:			Vertical Tension (lbs)	Shear (lbs)	Oblique Tension (lbs)
-	0.145	1	149	234	192
